

Isabella's garden - These are the Clouds

This week our activity is making a Cloud mobile and you will need:

- piece of card (or cereal packet)
- Cotton wool
- White tissues
- Wool or string
- Cut out shapes of moon, lightening, rain, rainbow
- Crayons, felt tips, chalk

How to make your Cloud mobile

- On your card draw a cloud shape and cut it out
- With the card that is left cut out shapes of small clouds, a moon, lightening, a rainbow
- Punch some holes in the bottom of the cloud shape ready to hang your other shapes and one hole at the top to hang the cloud
- Stick some tissue or cotton wool onto your cloud
- Colour in the other shapes you have cut out
- Punch a hole in the top of each shape and
- Cut a different length of string for each shape that you want to hang from your cloud and attach to each piece
- Thread a piece of string from the top of the big cloud to hang it
- Hang your mobile in a window and enjoy!

You can draw chalk drawings of clouds - on paper or maybe a wall or pavement outside your house or where you live

Add some clouds to your drawing that we made last week

Take photos of your art and send it to us by Facebook
